

Mitigate the Societal Impact by Future Climate Changes in Asian Monsoon Variations and Changes (CCMA)

9:00-18:00 , January 6-7 ,2011

Venue : Kamolthip Ballroom 3 ,Siam City Hotel Bangkok

Organizers

Hosted by : Japan Society for the Promotion of Science (JSPS) Bangkok office

Co-hosting by : National Research Council of Thailand (NRCT)

In cooperation with

Monsoon Asian Hydro-Atmosphere Scientific Research and Prediction Initiative (MAHASRI)

Presenters

Dr. Akio Kitoh

(Meteorological Research Institute, Japan)

Recent Development of the Climate Change Projections by the MRI AGCM-20 km

Prof. Fredolin Tangang

(National University of Malaysia)

Towards IPCC AR5: The Physical Science Basis

Prof. Tetsuzo Yasunari

(Nagoya University , Japan)

Long-term trends of Asian summer monsoon and its seasonality during the recent several decades

Dr. Nontawat Junjareon

(Kasetsart University , Thailand)

New Challenges on Hydro-Meteorological Prediction and Adaptation to Climate Change in Thailand

Pro. Taikan Oki

The University of Tokyo , Japan

Research Opportunities in Climate Change and Water in Monsoon Asia

振興調整費

Special Coordination Funds for Promoting Science and Technology, MEXT, Japan
