Introduction

Tokai University is a private university established by Dr. Shigeyoshi Matsumae in 1942 and celebrated its 75th anniversary in 2017. It is one of the largest general education and research institutions in Japan today, consisting of 8 campuses spread over the country. The 19 schools and colleges made up of 75 departments, offering a vast variety of majors and programs, have a combined population of 30,000 students, with its graduate schools offering an additional 39 programs.

The Educational Creed
Cultivate your thoughts in your early days
Nurture your body in your early days
Develop your intellect in your early days
Aim your hopes towards the stars in your early days

Major activities

Strong partnership with Thai universities
Tokai University commenced its relationship with Thailand in 1965 through the Overseas Technical Cooperation Agency (superseded by JICA). Since then, more than 550 exchange students have studied at Tokai University, returning to Thailand after achieving their Doctorate and other degrees/ certificates.

Various programs for international students
Tokai University International Education Center offers a variety of programs for international students including a regular Japanese Language Course and short-term summer programs. The Graduate School of Engineering (Master’s degree and Doctoral degree programs) offers courses taught in English.

Diverse fields of innovative research and its application
Tokai university encourages cutting-edge research for the next generation in a variety of fields, centering on nanotechnology and life science. Also the university promotes collaboration among industry, government and academia by taking advantage of the wide range of schools that comprise the university.
