

# The e-ASIA Joint Research Program Secretariat

Room 218 Innovation Cluster 1 Building  
 111 Thailand Science Park  
 Phahonyothin Road, Khlong Nueng, Khlong Luang  
 Pathum Thani 12120 THAILAND  
 Tel: 02-564-7713  
<http://www.the-easia.org/jrp/>

## Introduction

- ◆ **Inauguration:** 28 June 2012
- ◆ **Objectives:** To develop a vibrant and collaborative research community in Science and Technology and to resolve shared challenges in the East Asian region.
- ◆ **Participating Organizations:** 22 Funding Institutions from 15 countries (as of July 2017)

The e-ASIA JRP is composed of Funding Institutions from East Asia Summit (EAS) participating countries(\*) principally.

\*EAS participating countries: ASEAN 10 Member States + 8 (Australia, China, India, Japan, Korea, New Zealand, Russia, U.S.)

### ◆ Fields of Cooperation:

Health Research (Infectious Diseases, Cancer)

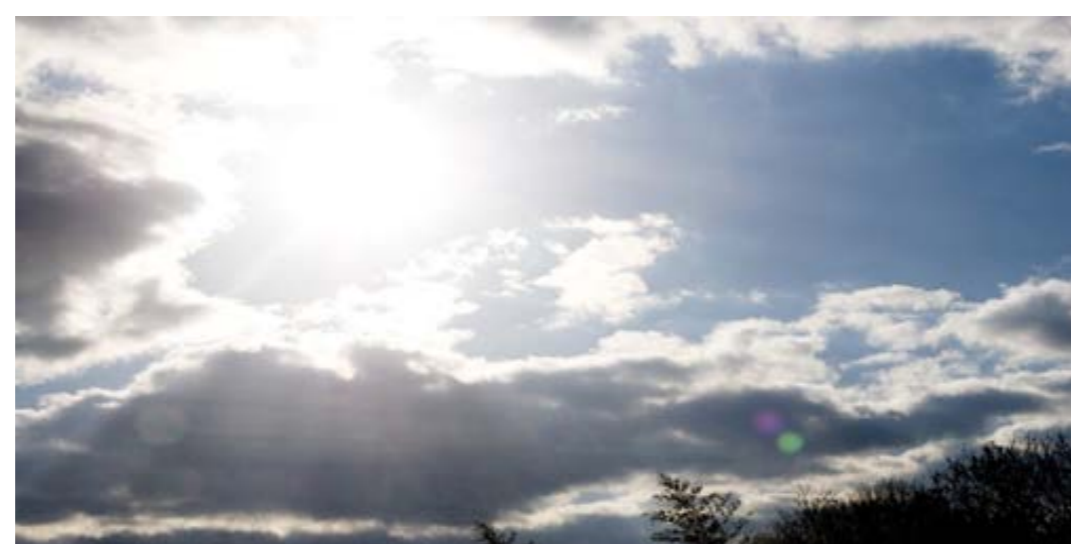

Agriculture (Food)

Alternative Energy

Disaster Risk Reduction and Management

Environment (Climate Change, Marine Science)

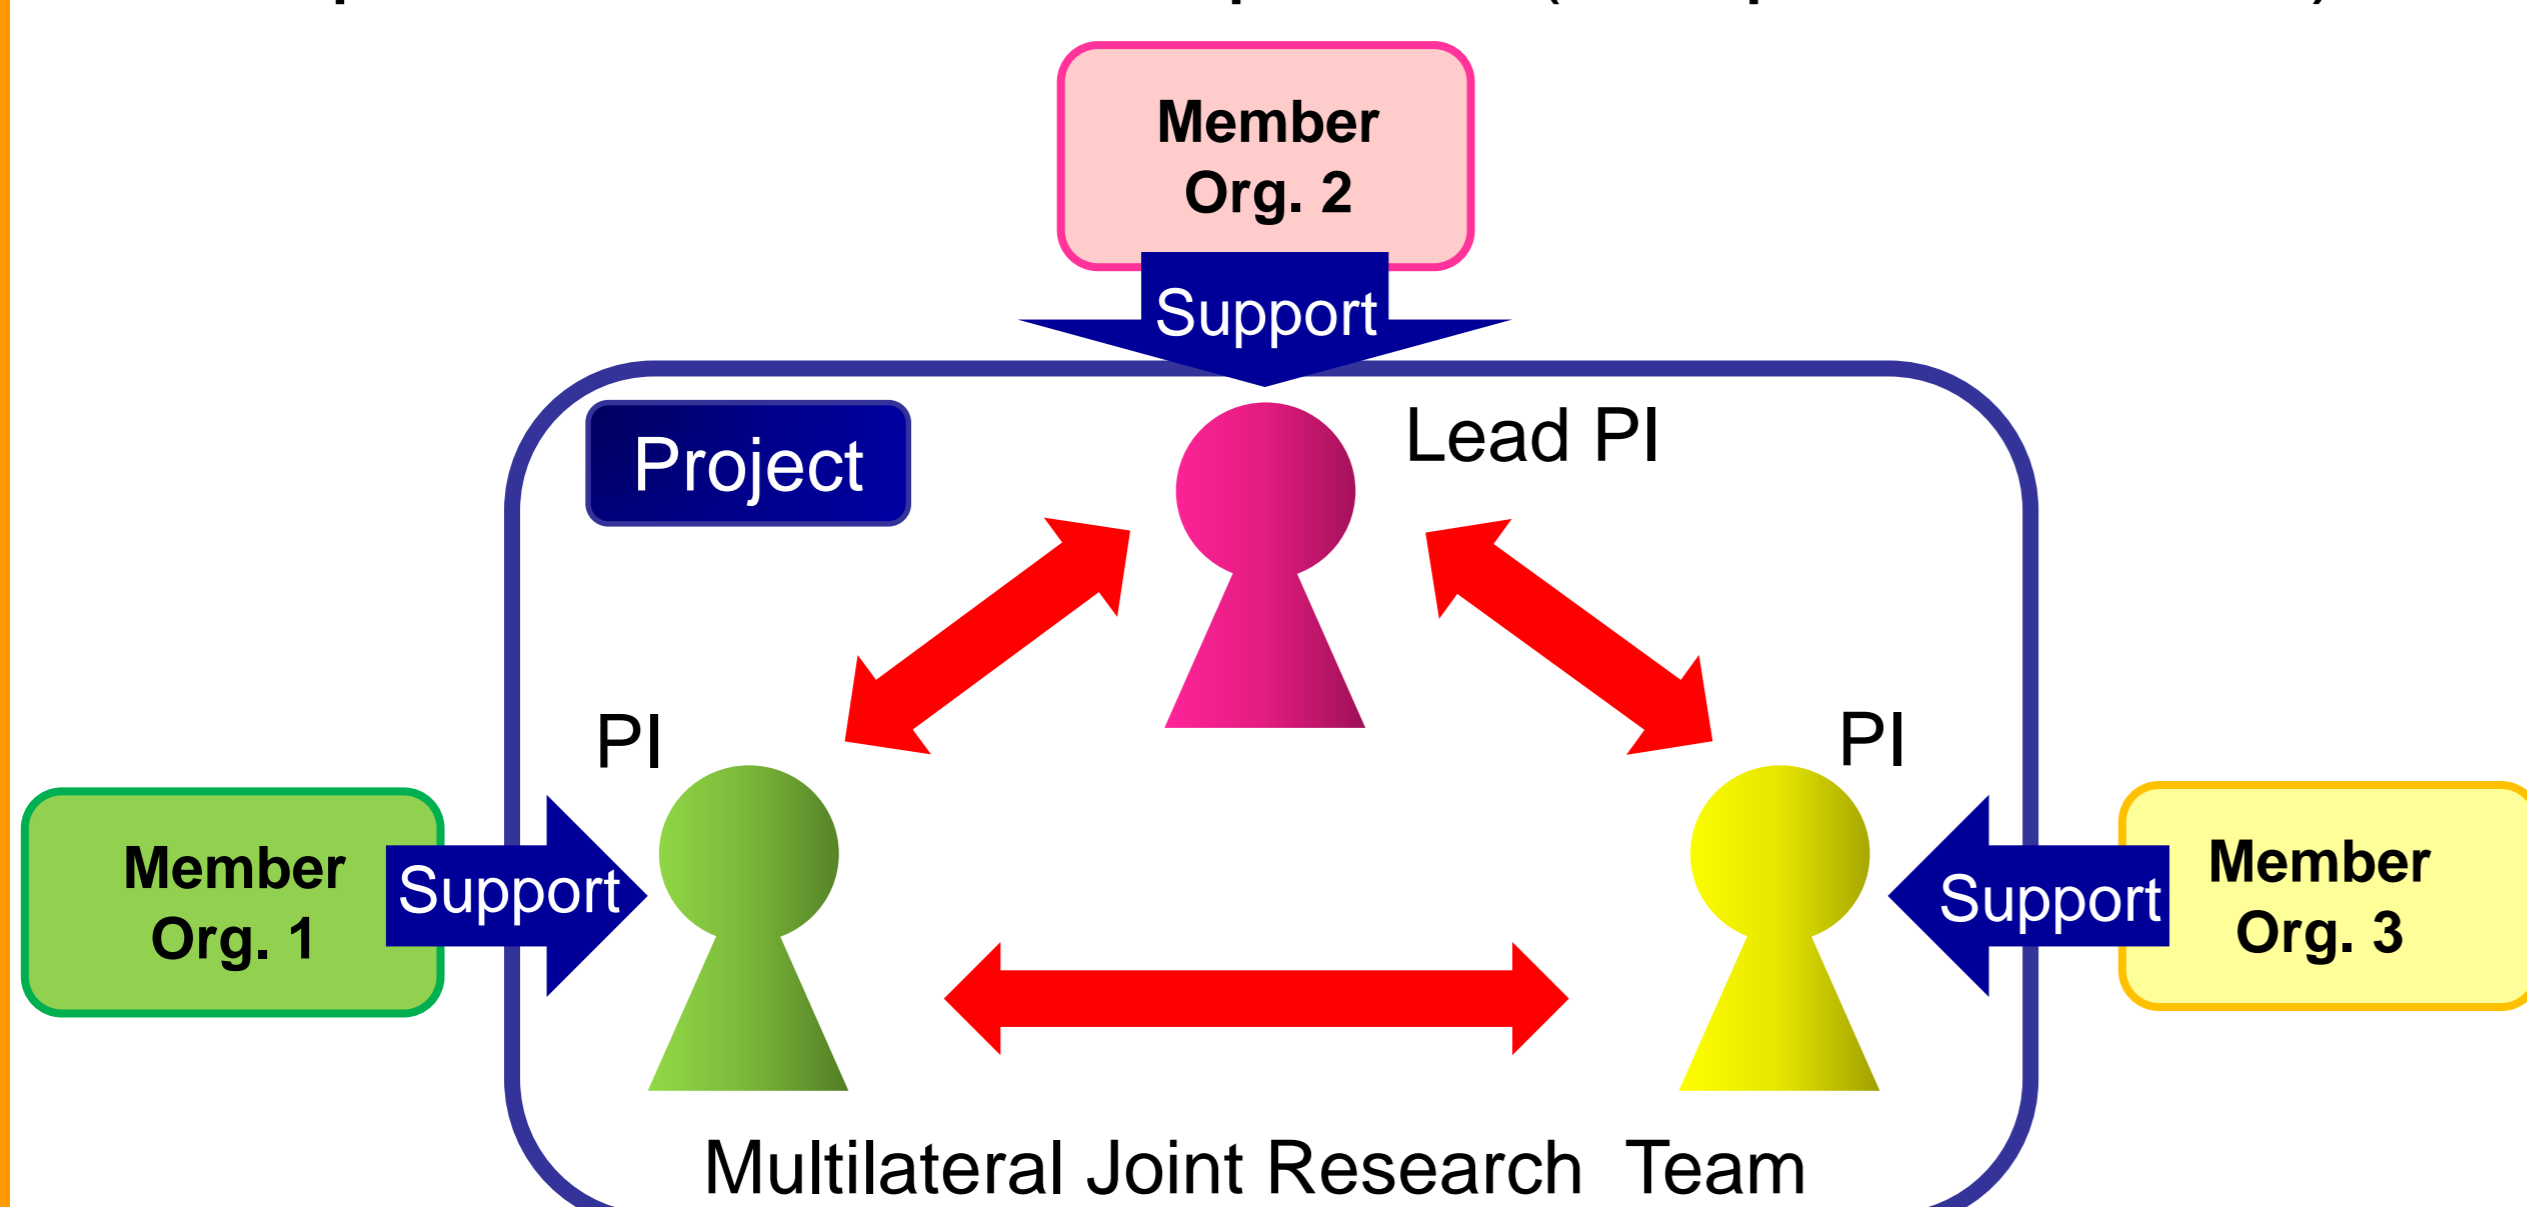

Materials (Nanotechnology)

Advanced Interdisciplinary Research towards Innovation

## Major activities

- ◆ Supporting International Joint Research Projects by Multilateral Co-funds. Projects are selected through open Joint Call for Proposals (competitive funds)
- ◆ Promotion of Researcher Interaction and Information Exchange by Workshops

"Green and Bio Nanotechnology"  
 Tokyo, Japan  
 January 30, 2016

"Strategy for genetic conservation and Utilization of endangered or indigenous/native animal species in ASIA"  
 Bangkok, Thailand March 1-2, 2018
