From Mie to the World!

We provide world-class community-based education and research results through harmonious coexistence of nature and mankind.

Our Philosophy

As a center of learning, Mie University strives to contribute towards the “Development of Human Resources and Research,” enhancing the “Welfare of the Society,” through the “Harmonious Coexistence of Nature and Mankind.”

Our partnership has expanded to 110 universities/ institutions in 36 countries/areas, conducting mutual exchange activities and international collaborative research.

The Center for International Education and Research

It was inaugurated on October 1st, 2005, as a special facility for research and education. It aims through international education and research to nurture human resources contributing towards and to promote globalization on campus and in the community. In addition, CIER plays an key role in carrying out international activities.

240 Capacity for International Students

Tri-U International Joint Seminar & Symposium

The Tri-U International Joint Seminar & Symposium is an academic meeting hosted by Mie University (Japan), Chiang Mai University (Thailand) and Jiangsu University (China) in turn. Bogor Agricultural University was newly added as one of the host universities from 2011. The event is also an opportunity for interactions with foreign students. The 24th Tri-U IJSS will be held at Mie University. The Briefing session is held in May. Candidates submit their own research paper abstract, then, take an interview in English.

In 2016, the Seminar & Symposium was held at Bogor Agricultural University in Indonesia from October 23 to 28. 117 students and faculty members joined the Seminar & Symposium from 7 countries. From Mie University, eight faculty members and 15 students participated in the Seminar & Symposium and made their oral presentations. In addition, They had a workshop that consists of cross-border students groups and cultural exchange events.

Alumni in Thailand

Thai Students' Association in Japan under the Royal Patronage has a long history of 76 years holding about 1,000 Thai students all over Japan. A graduate student of Mie University, was taking a role of representative for the 72nd to the 74th as the Mie Prefecture's head. Currently, another Mie University's student is taking over the role for the 75th head. There are several events all through the year. In April: Awarding Ceremony for the appointment of heads; in May: Thai Festival in Tokyo, Osaka and Nagoya; in November: Thai-Japan Conference. They actively enhance our friendship between Thai and Japan through cultural events and being a bridge for our strong bond. In addition, Old Japan Students' Association, Kingdom of Thailand was established in January, 1966, supporting alumni networks and students who wish to study in Japan.
