About

University of East Asia which is located in Shimonoseki near Fukuoka has three education concepts, including "Sweat for Others, Master One Technology", "Living regionally, Thinking Globally" and "Meeting Friends, Living with Friends". UEA aims to real practical education, and perform human education to raise extensive culture and enriched humanity as well as education for acquiring qualifications or certificates such as national qualifications. UEA trains talented people with higher ability of problem investigation and resolution through contacting with regional society and practicing experience in international and global vision. UEA raises basic sense of people to expand their world through various encounters, and to think about what he could do for other people and the society.

The agreement signing ceremony with Suan Sunandha Rajabhat University, and University of East Asia, performed on July 13, 2016.
