Introduction

- ◆ **Inauguration:** 28 June 2012
- ◆ **Objectives:** To develop a vibrant and collaborative research community in Science and Technology and to resolve shared challenges in the East Asian region.

- ◆ **Participating Organizations:**
20 Funding Institutions from 14 countries
 (as of July 2017)

The e-ASIA JRP is composed of Funding Institutions from East Asia Summit (EAS) participating countries(*) principally.

 Australia NHMRC	 Cambodia MOH	 Indonesia Ristekdikti	 JAPAN MEXT (JST) and AMED	 Lao PDR MOST and MOH	 Malaysia MOSTI	 Myanmar MOE
 NZ HRC	 Philippine DOST	 Russia RFBR	 Thailand NSTDA, TRF, ARDA and TCELS	 U.S. NIAID and NCI	 Vietnam MOST	 Sri Lanka NSF

*EAS participating countries: ASEAN 10 Member States + 8 (Australia, China, India, Japan, Korea, New Zealand, Russia, U.S.)

- ◆ **Fields of Cooperation:**

Health Research (Infectious Diseases, Cancer)

Agriculture (Food)

Alternative Energy

Disaster Risk Reduction and Management

Environment (Climate Change, Marine Science)

Materials (Nanotechnology)

Advanced Interdisciplinary Research towards Innovation

Major activities

- ◆ Supporting International Joint Research Projects by Multilateral Co-funds. Projects are selected through open Joint Call for Proposals (competitive funds)
- ◆ Promotion of Researcher Interaction and Information Exchange by Workshops

"Green and Bio Nanotechnology"
 Tokyo, Japan
