# 東京科学大学

Advancing science  
and human wellbeing

## About Science Tokyo

Science Tokyo was established on October 1, 2024, following the merger of Tokyo Medical and Dental University (TMDU) and Tokyo Institute of Technology (Tokyo Tech), combining the traditional strengths of both institutions with the humanities, social sciences, and other fields to work together with society in creating a bright, vibrant future.

## Science Tokyo's bases in Thailand

- Science Tokyo ANNEX Bangkok
