Major activities

Headquarters for Innovative Society-Academia Cooperation

HISAC organization cooperates with a local community, a government and an enterprise.

International Exchange Activities

We promote various exchange activities aiming to internationalize our local community.

The University of Fukui Alumni Society (UFAS)

A large number of international students from all over the world have studied at the University of Fukui. Most of them returned to their home countries, while many still remain in Japan for employment after graduation.

The agreement signing ceremony
