Partner Universities in Thailand

Chulalongkorn University

Suranaree University of Technology

Chiang Mai University

Akita University Website

Other Activities in Thailand

Chulalongkorn University Joint Research Laboratory

It serves as a base for research and field work for both universities. In addition, the facility will be used for remote classes using a video conference system, interviews with prospective students, and pre-arrival orientation for Thai students and researchers on the way to Akita.

Contact Address in Thailand

Akita University Bangkok Office

It serves as an administrative office connecting Akita University and partner universities mainly in Southeast Asia.
