

National University

Tokyo University of Agriculture and Technology

[ASEAN Office]

Introduction

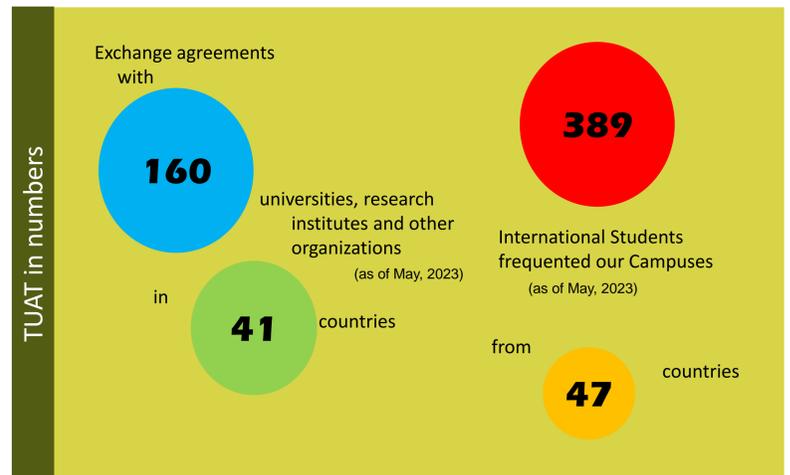

web.tuat.ac.jp/~intl

Tokyo University of Agriculture and Technology (TUAT) was formally recognized as a national university in 1949 and is a leader in the field of agriculture and technology. Originally founded in 1874, TUAT has a history of over 140 years and a high commitment towards scientific research and developing technology for the improvement of our modern society, in addition to emphasizing a sustainable natural resource management and a harmonious coexistence with nature.

Agriculture and Engineering campuses are located in Fuchu and Koganei, 40 minutes by train from Tokyo Station, with easy access to everything that a major city could offer.

At TUAT, students will enjoy studying in one of the most exciting cities in the world while participating in integrated research projects only possible at our university.

University Programs

FACULTY OF AGRICULTURE

- Biological Production
- Applied Biological Science
- Environmental and Natural Resource Sciences
 - Ecoregion Science
- Cooperative Department of Veterinary Medicine

Fuchu Campus

FACULTY OF ENGINEERING

- Biotechnology and Life Science
- Biomedical Engineering
- Applied Chemistry
- Applied Physics and Chemical Engineering
- Mechanical Systems Engineering
- Electrical Engineering and Computer Science

Koganei Campus

GRADUATE SCHOOLS

- Graduate School of Agriculture
- Graduate School of Engineering
- Graduate School of Bio-Applications and Systems Engineering
- United Graduate School of Agricultural Science
 - Division of Veterinary Science

In our graduate schools, students engage in innovative researches with the objective of enhancing the fundamental knowledge and skills already obtained at faculty-level.

By participating in more diverse research activities in the fields of agriculture and engineering, students will contribute to the development of science and technology.

EXCHANGE AGREEMENTS WITH UNIVERSITIES IN THAILAND

(as of May 2023)

- Chulalongkorn University
- Chiang Mai University
- Thai-Nichi Institute of Technology
- Kasetsart University
- Mahidol University
- Naresuan University
- King Mongkut's University of Technology Thonburi
- Mahanakorn University of Technology
- Suranaree University of Technology

AIMS Program

(ASEAN INTERNATIONAL MOBILITY FOR STUDENTS)

From 2013

Since 2013, Tokyo University of Agriculture and Technology is participating in the AIMS Program collaborating with other universities in ASEAN countries. TUAT has been promoting one semester for credit exchange program for undergraduate students. Both Faculty of Agriculture and Faculty of Engineering accept students. Buddy students support inbound students in lab work, seminars and also in everyday life.

AIMS Partner Universities (as of May 2023)

Malaysia

- University Putra Malaysia
- University Teknologi Malaysia
- University Teknologi Mara
- Malaysia-Japan International Institute of Technology

Indonesia

- Bogor Agricultural University
- University Gadjah Mada
- Institute of Technology Bandung

Thailand

- Kasetsart University
- King Mongkut's University of Technology Thonburi

Brunei Darussalam

- University Brunei Darussalam

Philippines

- University of the Philippines Los Baños
- University of the Philippines Diliman
- De La Salle University
- Saint Louis University
