

ASEAN UNIVERSITY NETWORK/ SOUTHEAST ASIA

Engineering Education Development Network

ABOUT

The ASEAN University Network/Southeast Asia Engineering Education Development Network (**AUN/SEED-Net**) was established as a sub-network under the auspices of AUN in 2001 to promote human resource development in engineering for the sustainable socio-economic development of the ASEAN region.

Full-scale operation of the AUN/SEED-Net Project started in 2003 with support from the Japanese Government through Japan International Cooperation Agency (JICA), Japanese Supporting University (JSU), which after Phase IV, developed into a new function known as Japanese Partner University (JPU), ASEAN Member State (AMS), and AUN/SEED-Net Member Institution (MI). AUN/SEED-Net has succeeded in developing and strengthening its academic engineering network among ASEAN region and beyond
